

ASK THE EXPERT

Virtual Producer Workshops

Join Veal Farmers of Ontario (VFO) for this new, virtual workshop series for grain-fed veal producers. Registration is limited for these interactive events. VFO encourages you to come with your questions—following a short presentation, producers will have the floor to ask the expert themselves! Recordings of the presentations will be made available a later date. The Q-A portion will not be recorded, so don't miss out on this opportunity to have a conversation with someone in the know.

Draft program

All sessions will be held via Zoom from 7:00 to 8:30 p.m. EST.

Thursday, September 29, 2022

An overview of BRM programs for veal

Business Risk Management (BRM) programs have evolved. Learn about the changes made to improve the BRM programs for veal producers and ask questions of Agricorp staff experts. Whether your farm is enrolled in the programs or has never applied before, there something for everyone to learn.

Understanding feed ratios for grain-fed veal cattle

Feeding a widening ratio of whole corn and pellets to veal cattle is well-accepted practice; but why do we feed this way? Review the varying nutritional needs of growing and finishing veal cattle and learn how the different feed ratios address these needs.

Feeding fibre: connecting rumen health with veal cattle productivity

When feeding for optimal gain, it's obvious that the grain mix being fed plays a critical role – but what role does fibre play, and what's being left on the table when it's not fed?

Holly McGill M.Sc., Ruminant Nutritionist
Wallenstein Feed & Supply Ltd.

Registration for the individual workshop sessions is free but required. Scan the QR code or visit [AsktheexpertVFO.eventbrite.ca](https://asktheexpertvfo.eventbrite.ca) to sign-up. Registration closes at 4:00 p.m. on the Tuesday prior to each session. Watch for more workshops on financial management in the New Year!

Looking for more information about raising calves?

The Healthy Calf Conference will be offered as a hybrid event for the first time ever, providing the same exceptional experience conference participants expect, whether attending in-person or joining via interactive live-stream from the farm or workplace.
